## SELECTMEN'S REPORT

We are pleased to be able to report the Town is in good Financial condition.

During the past year the Chapter 90 project started in 1946 on Padelford Street has been completed and the Town may well be proud of this fine piece of road built which has immensely improved the road system in the Town.

At the coming annual Town Meeting the Town will be asked to provide the sum of \$3,000 to be used in conjunction with moneys allotted by the State and County to further improve and widen a section of Padelford Street commonly known as Hall Hill. This becomes necessary on account of the increased traffic over this street and the resultant traffic dangers, especially so in relation to the transportation of our children to and from school. We recommend that this sum be appropriated and transferred from the excess and deficiency account.

On account of the extraordinary amount of snow this winter, we were called upon to provide money for the removal of same. This was agreed upon at a joint meeting of the Selectmen and the Finance Committee as authorized by Chapter 5 of the Acts of 1948. We believe a saving could be made in the removal of snow if some way could be found to provide more powerful equipment.

It is our intention to continue to do all we can to keep expenditures down and it can be done providing all departments will cooperate.

At this time we wish to express our appreciation for the assistance and cooperation of the Finance Committee and other Officials who have cooperated with us in conducting the Town business.

ALBERT BINDON  
JOHN P. PILLING  
HAROLD G. ASHLEY

## SUPERVISOR'S REPORT

In submitting my report as Supervisor for the year of 1947 I wish to draw your attention to the fact that the Case Load is steadily increasing with every increasing cost to the Town Case Load receiving assistance under the O. A. A. Law has risen from 38 as of January 1, 1947 to 43 Dec. 1947. Total expenditures has been \$26,716.26, an increase of \$7,059.64 over 1946. This increase resulted from the increased case load and the increase in grants allowed by the Department.

The case load under the Aid to Dependent Children Law, as of January 1 were 4 cases but one case was closed leaving 3 as of Dec. 31. Expenditures in this category has been \$3,264.67, an increase of \$2,188.14 over 1946.

Expenditures for Temporary Aid has been \$1,472.67 as against \$1,539.28 for 1946, a decrease of \$66.61.

Administration costs for all catagories totals \$745.22 an increase of \$207.71.

At the Annual Town Meeting it will be necessary to increase our appropriation to meet the ever increasing costs of Public Assistance and as the case loads increase the cost of Administration will increase.

In the past year we lost the services of Bernice Andrews, who had been secretary to the Board since 1936 and who had always done excellent work.

At this time I wish to express my appreciation for the cooperation and assistance, you as members of the Board, have given me, to the Town Treasurer and to Miss Susan Atterbury, clerk for the Board, for their help in carrying out the duties of this office.

ALBERT BINDON

Supervisor

## **TOWN MEETINGS, 1947**

Three town meetings were held in 1947; the annual town business meeting March 3, the annual town election meeting March 10, and a special town business meeting August 11.

## **TOWN PAPERS RECORDED IN 1947**

Town papers recorded in the town clerk's office in 1947 included selectmens' warrants for three town meetings; town clerk's records of these meetings; records of oaths of office administered by the town clerk; organization of the selectmen, assessors, and school committee; acceptance of appointment as forest fire warden by Albert Bindon; appointments by the selectmen; and appointments to the Finance Committee by the committee set up in the town's by-laws. No amendments to the by-laws were made in 1947.

## **BOARD OF REGISTRARS OF VOTERS**

The 1947 listing of persons 20 years of age or over lists 396 males and 377 females, a total of 773 persons, representing a gain over the preceding year of 16 names, or 5 men and 11 women.

To the 597 names on the voting list Jan. 1, 1947 were added, in 1947, 55 names; 46 names were removed, leaving, as of Dec. 31, 1947, 606 names on Berkley's voting list. At present, the Board of Registrars of Voters is composed of the selectmen and town clerk; if 600 or more voters are registered for the state election in November, 3 members of the Board must be appointed by the selectmen in 1949, to serve with the town clerk.

## **PUBLIC NOTICE**

Public notice as required by law is hereby given that the town clerk will furnish blanks for returns of births, to parents, householders, physicians and registered hospital medical officers applying therefor.

## SUMMARY OF ESSENTIAL FEATURES OF STATE AUDIT REPORT

The Commonwealth of Massachusetts  
Department of Corporations and Taxation  
Division of Accounts  
State House, Boston

Henry F. Long, Commissioner  
Francis X. Lang, Director of Accounts

January 9, 1948

To the Board of Selectmen  
Mr. Albert Bindon, Chairman  
Berkley, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Berkley for the period from October 27, 1946 to November 8, 1947, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

(Signed) FRANCIS X. LANG

Director of Accounts

---

Mr. Francis X. Lang  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Berkley for the period from October 27, 1946, the date of the previous examination, to November 8, 1947, the following report being submitted thereon:

The financial transactions as recorded on the books of the several departments receiving or disbursing money for the town were examined, checked, and verified.

The appropriations voted by the town were listed, the general and appropriation accounts kept by the accounting officer were analyzed, and a balance sheet, showing the finan-

cial condition of the town on November 8, 1947, was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the records in the several departments collecting money for the town and with other sources from which money was paid into the town treasury, while the disbursements were checked with the selectmen's warrants authorizing the treasurer to disburse town funds.

The cash book was added throughout for the period covered by the audit, and the treasurer's cash balance on November 8, 1947 was proved by reconciliation of the bank balances with statements received from the banks of deposit and by actual count of the cash in the office.

The savings bank books and securities representing the investment of the trust and investment funds in the custody of the town treasurer were examined and listed. The income was proved and the balances were found to be as reported.

The records of tax titles held by the town were examined and checked. The amounts transferred from the tax levies to the tax title account were verified, the reported redemptions and foreclosures were checked, and the tax titles on hand were listed, proved, and compared with the records in the Registry of Deeds.

The books and accounts of the collector of taxes were examined and checked. The taxes, excises and assessments outstanding at the time of the previous examination, as well as all subsequent commitment lists were audited and reconciled with the assessors' warrants for their collection.

The collector's cash books were footed, the payments to the town treasurer were checked to the treasurer's cash book, the recorded abatements were compared with the assessors' records of abatements granted, and the outstanding accounts were listed and proved.

The records of departmental accounts receivable were examined. The recorded receipts were compared with the treasurer's cash book and the outstanding accounts were listed and proved.

The outstanding tax, excise, assessment, and departmental accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it would ap-

pear that the accounts, as listed, are correct.

The records of licenses and permits issued by the selectmen, the town clerk, and the police department were examined and checked, and the payments to the State and the town were verified.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

In addition to the departments mentioned, the available records of all other departments receiving money for the town were checked, and the payments to the treasurer were verified.

The treasurer and accounting officer is to be commended for the accurate manner in which his clerical duties have been performed.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's cash, summaries of the tax, excise, assessment, tax title, and departmental accounts, together with tables showing the condition and transactions of the trust and investment funds.

For the cooperation received from all the town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

(Signed) HERMAN B. DINE

Assistant Director of Accounts

I certify the above to be a true summary of the essential features of the state audit report.

Attest: FRANCIS F. G. ANDREWS

Town Clerk

Chapter 44, Section 40 of the General Laws, requires the town clerk to publish the report or a summary of its essential features at the expense of the town. Most of the last two audit reports prior to the above have been published in annual town reports, including tables and balance sheet. However, since the financial report at the end of the year is also published, this year the tables and balance sheet have been omitted, to save duplication, and space in the annual report. The copy of the audit report sent to the town clerk is on file in his office, and is open to public inspection at any convenient time.

Respectfully submitted,

FRANCIS F. G. ANDREWS

Town Clerk

## REPORT OF THE FOREST FIRE WARDEN

The Town of Berkley was fortunate in the past year in the small amount of damage done by forest fires, in the month of March and April, and again in October. Fire conditions were very serious and while other districts were having very serious fires the Town of Berkley had very little in comparison. This was due largely to the fine cooperation of the residents of the Town; the Fire Department answered approximately 20 fires and the prompt action of the Fire Department in getting to the fires not only saved valuable acres of wood land but at the same time reduced the cost of fire fighting to the Town.

At this time I wish to express my appreciation to the Deputy Wardens and others who have cooperated in any way in the carrying out the duties of this office.

## REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

This is to report that in compliance with a vote passed at the last annual meeting the Board of Selectmen proceeded to establish a fire department, on investigation it was found that equipment owned by the Town was of very little use in case of fire. It consisted of one pumping unit, that was not in working order and a half dozen spray cans. This pumping unit has been repaired and is now in fair condition. We have increased our equipment by the purchase of a Tank Truck with a capacity of 750 gallons, the pump in this is not satisfactory and we recommend that funds be made available to equip this unit with a high pressure pump. We have increased the number of spray cans by 60. All cans not needed on the Truck and by the Deputy Wardens will be stationed in different parts of the Town where they will be available to anyone in case of fire.

We recommend that funds be made available at the coming Town Meeting to purchase the following equipment

which is mandatory under state law; viz. one or more Smoke Helmets, one Life Net, one gun or other appliance capable of firing a weight with line attached into any window or over any house. The Fire Department has been called for three house fires in the past year, the most serious being the barn owned by Mr. Warren L. Ide.

The account of the Fire Department is summarized in the Town report.

ALBERT BINDON

Fire Chief

## REPORT OF CHIEF OF POLICE

Dec. 31, 1947

To the Board of Selectmen,  
Town of Berkley,

Gentlemen:

As your Chief of Police I submit the following report for the year of 1947.

### Arrests for Crimes in Berkley

Assault & Battery	6
Assault, intent to rob	2
Abuse of Female Child	1
Delinquent, stubborn Child	1
Rape	1
Lewd & lascivious cohabitations	2
Larceny (petty)	1

Accessory after fact (larceny over \$100.00)	2
Assault with attempt to Rape	1
Larceny of Automobile	2
Driving to endanger	1
Driving while intoxicated	1
Drunkenness	1
Non-support	2

Your local Police Officers participated in all, but six of these arrests.

### Other Activities

Breaks reported and investigated	13
Value of stolen property recovered	\$423.00
Auto Accidents (non-fatal)	11
Auto Accidents (with injuries)	4
Auto Accidents (death)	1
Misc. Complaints received and investigated	26
Car transfers recorded	114
Served summons for other Police Depts.	4
Speeders summoned to court	4

License to operate suspended	1
Seized number plates for the Registry	4 sets
Located missing persons	2
Pistol permits issued	14

We have assisted Mr. Tinkham of the Registry on Periodic Inspection checkups. We patrolled the town on July 3rd and 4th, and Halloween. During the Dog Racing period, Police Officers directed traffic at various intersections for a period of 100 days.

This year the Town received \$73.10 from the First District Court, which was obtained by fines and I hope that next year we can increase this amount.

I am pleased to announce that the Town has its first Uniformed Police Force. The Officers are also equipped with billys and flashing lights for their cars. This equipment was secured by the Berkley Police Relief Association and was not of any expense to the Town.

I have taken great pleasure in serving you as Chief of Police and I hope that I have been worthy of my appointment. I wish to thank you and the Police Officers for your excellent co-operation in carrying out the work of the department.

Respectfully submitted,

HAROLD G. ASHLEY

Chief of Police

## PUBLIC NOTICE

Public Notice is hereby given to the residents of the Town of Berkley relative to compliance with Chapter 148 of the General Laws in relation to the Approval of Oil Burning Equipment and Permit for the Storage of Fuel Oil.

### Approval of Oil Burning Equipment and Permit

#### Section 3.

A. All fuel oil burners, and all equipment in connection therewith shall be installed and maintained in accordance with the requirements of these rules and regulations.

B. No fuel oil burner shall be installed, and no fuel oil in excess of ten (10) gallons shall be kept or stored in any building or other structure without a permit having been obtained thereof from the Marshal, provided that if the building or other structure is used for habitation, such permit must be obtained from the head of the fire department, as required by Section 23 of Chapter 148 of the General Laws. Any official authorized to grant permits under this section may grant a temporary permit for the keeping and use of fuel oil under such terms as he may prescribe.

C. No fuel oil burner shall be installed, maintained or used in any building or other structure unless the burner has been approved, and no change shall be made in any such burner unless such change has been approved. Every approved burner shall have affixed thereto a metal tag certifying that the burner has been approved by the State Fire Marshal of the Commonwealth of Massachusetts, and said tag shall also bear the name and the number of approval as issued by the Marshal.

### Fuel Oil Delivery

#### Section 5.

A. No fuel oil shall be delivered to any storage tank by means of a pump or under pressure in any case where a tight connection is made between the discharge line and the tank inlet, unless such storage tank is designed to withstand the additional stress to which it may be subjected, or unless the vent pipe for such tank is of sufficient size to relieve the tank of any undue pressure.

B. No fuel oil shall be delivered to any tank unless a permit as required by Section 3, Paragraph B of these rules and regulations is conspicuously displayed on the premises.

### **Laws Relating to Fire Prevention**

#### **Chapter 148, Section 23.**

No volatile inflammable fluid except an amount not exceeding one quart contained in an approved safety can and no non-volatile inflammable fluid except an amount not exceeding ten gallons for domestic use shall be kept, used or stored in any part of any building used for habitation, and no volatile inflammable fluid in quantity exceeding one gallon contained in an approved safety can and no non-volatile inflammable fluid in quantity exceeding thirty gallons, shall be kept, used or stored, except in the tank of an automobile, motor boat or stationary engine, within fifty feet of any building used for habitation, unless a permit has first been obtained therefor from the head of the fire department under such terms and conditions as he may prescribe. A fee of not more than fifty cents may be charged for any permit granted under the authority of this section.

Application Blanks for permits to install and alter fuel oil burners and permits for the keeping and storage of fuel oil may be obtained from the Chief of the Fire Department.

### **An Act Relative to the Issuance of Permits for Open Air Fires**

Chapter forty-eight of the General Laws is hereby amended by striking out section thirteen, as most recently amended by chapter five hundred and eighty-one of the acts of nineteen hundred and forty-one, and inserting in place thereof the following section:—Section 13. No person shall set, maintain or increase a fire in the open air at any time except by permission, covering a period not exceeding five days from the date thereof, granted by the forest warden or chief of the fire department in cities and towns, or in cities having such an official, the fire commissioner; provided, that if such permission is not in writing a written record of the granting thereof, setting forth the date upon which permission was granted, the dates covered by such permission, the name and address of the person to whom, and the manner in which, such permission was granted, and any other necessary

information relative thereto, shall be made and kept by the forest warden, chief or fire commissioner, as the case may be, and shall be open to public inspection; and provided, further that persons over the age of twenty-one may, without a permit, set, maintain or increase a reasonable fire for the purpose of cooking, upon sandy or gravelly land free from living or dead vegetation or upon sandy or rocky beaches bordering on tide water, if the fire is enclosed within rocks, metal or other non-inflammable material. The forest warden, chief or fire commissioner, as the case may be, may make it a condition for granting a permit that any burning shall be done only after four o'clock (eastern standard time) in the afternoon and he may revoke a permit at any time. The forester may make rules and regulations relating to the granting and revocation of such permits binding throughout the commonwealth. Such rules and regulations shall take effect subject to section thirty-seven of chapter thirty, when approved by the governor and council. The forest wardens in towns and officials performing the duties of forest wardens in cities shall cause public notice to be given of the provisions of this section and shall enforce the same. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than one month, or both.

Approved May 7, 1945.

Salaries and wages in 1947, are shown as lump sums in the account statements, and are combined and listed in the table, in an effort to save space.

A Blue Cross group was formed in 1947 by the teachers, after an effort to include other employees failed because not enough would join. Deductions are made from salaries and are then paid to the Blue Cross. There is no cost to the town.

Employees earning over \$200. were eligible to join the County Retirement Association, which the town accepted in 1946. At present, five of the town officers and employees are members of the association.

The town continues in fair financial condition, largely due to the fact that not a great deal has been taken from surplus for appropriations; in other words, we are pretty solidly on a pay-as-you-go policy. This should be continued as much as possible so as to build up to future major improvements, if possible.

Respectfully submitted,

FRANCIS F. G. ANDREWS,

Treasurer

Every child who enters school for the first time must present a certificate of vaccination or a statement from his physician that vaccination is inadvisable.

### No School Information

When weather conditions are such that our buses are unable to run, a no school notice will be broadcast over Radio Station WEAN at 7:05 a.m. and 8:20 a.m. and over Radio Station WBZ at 7:05 a.m., 7:30 a.m., and 8:30 a.m. Parents are urged to use their own good judgment about sending their children to school on stormy days. The fact that school is in session does not mean that attendance by all pupils is advisable.

### Transportation

The law requires that transportation be provided for pupils residing more than two miles from the school attended or more than one mile from the nearest bus stop. Many pupils living at lesser distances along established routes are transported if the seating capacity of the bus will permit. From time to time it is necessary to refuse transportation to some of these living under the required distance when our buses are filled to capacity with children living at a greater distance.

### Entrance Age

First grade registration in September of any year will be limited to those children who are at least six years of age or who will become six years of age on or before the following January first. There will be no exceptions to this ruling. Registration must be during the first three weeks of school in September.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of the Town of Berkley:

The report of the School Committee is incorporated in this report which is the fifth submitted by me as Superintendent of Schools for the Town of Berkley. Only the most pertinent information will be set forth herein. Further details will be gladly furnished by the School Department to any who might be interested.

### Financial

This year the Town received by way of reimbursements from the State on account of School Department items the sum of \$16,153.64, which was \$3,462.12 more than was anticipated. The net cost of operating the schools was thereby reduced from \$19,478.18 as was estimated to the actual amount of \$16,106.06. The budget that will be submitted at this year's Town Meeting will increase the net cost of operating the schools by the sum of \$261.67 over the net of 1947.

The School Department Budget is a cut budget in respect to many items. It is purposely set up this way because in some years there is a balance in our tuition account to take care of various needs of the school and to provide for emergencies. Such a balance in the tuition account in 1943 paid for the finishing of the auditorium. This year such a balance helped pay for the installation of fluorescent lights. This improvement provides an average illumination of 25 foot candles, the minimum recommended by lighting authorities, instead of the average of 5 foot candles on dark days as was true before. We are fortunate if we have good eyesight and one of the obligations of any school committee is to eliminate lighting conditions that are detrimental to seeing and that may ruin a child's eyes. No better expenditure of school funds could possibly be found.

Although there is general agreement that State Aid for education is necessary to supplement the local real estate tax, no relief was provided by the 1947 Legislature except for an increase in the transportation aid. Several plans for State

Aid will again be presented at this session of the Legislature whereby a town such as Berkley will be aided appreciably.

Although the cost of all services, equipment, supplies, books, fuel, repairs etc., have advanced it is interesting to note that most changes occur in items that are largely beyond our control.

### **School Personnel**

During the year we had only one change in our teaching staff. Miss Katherine Rogers, a graduate of Bridgewater Teachers' College was chosen by the School Committee as teacher of grades two and three to replace Miss Clementine Magliano who accepted a position in Brockton. By increasing salaries of teachers to the point where they are comparable to the scale paid in Taunton we have been able to keep our faculty intact. The seriousness of the state and national situation regarding teachers and salaries has been discussed in previous reports and needs no repetition here, except to state that the past year has brought little improvement.

### **School Plant**

The following improvements were undertaken during 1947:

1. Pointing up of building
2. Continuance of redecorating project in classrooms
3. Cleaning and repairing of furnaces
4. Painting of exterior window sash and casings
5. Installation of outside light over east door
6. Telephone installation
7. Construction of classroom bulletin boards
8. Replacement of two old clocks with electric clocks
9. Provisions for auxilliary lighting for auditorium in accordance with requirements of State Law.

The results of the tests made of the school water supply show that it meets all the public health standards.

### **Support of Schools**

Within certain limits the Town will have the kind of

education that the townspeople desire. The schools belong, not to the teachers, the school Committee, or the superintendent, but to the citizens of the Town. The Town votes funds for just one reason: to provide an education for the children of Berkley. Very often we find individuals who seem to think that they are doing the School Committee a favor by approving funds, or they believe they are hurting the School Committee by withholding funds. The School Committee is a body of citizens who are elected by the voters to operate the schools according to the Law. If the voters do not like the way in which the schools are operated they have recourse through the ballot box.

School budgets are increasing everywhere, just as are all other services. To provide the same school services as is customary means that we must expect increases from time to time in our budget. The School Committee, being close to the needs of the schools, are in a better position to determine what is necessary than are other individuals. If school problems can be better decided by Selectmen, Finance Committee members, or other Town officials then it is better that the townspeople elect such persons to the School Committee.

### General

The purchase of a set of **The Book of Knowledge** and a set of Encyclopedia Britannica filled a need that has existed for the past few years.

Only two contractors were interested in bidding for the transportation of the school children. Inasmuch as both bids were for \$8,000 the contract was awarded to Mr. Trenouth for that sum.

The report of the dental clinic that was started this year is described by Mrs. Dillingham and deserves your serious attention. More and more communities have realized that provisions for the care of the teeth of school children must be accepted as a town problem if we expect the children to have adequate dental service. The difficulties involved in making appointments, in transportation, and in financing, have been factors that have contributed toward making such a step necessary if the very poor condition of the teeth is to be improved. Solution of this problem is a function of the Board of Health and is not within the scope of the School Department.

### Conclusion

During the past year improvement in the schools and in the cooperation and interest of the townspeople have been most gratifying. On the whole the morale in the schools and in the Town seems to be on the upgrade. Let us continue to show the interest and support so necessary for harmony and progress in any community.

I wish to express my sincere appreciation to the townspeople, to the School Committee, and to the aducation-minded town officials for their interest in the best welfare of the children of the town.

Respectfully submitted,

JOHN J. ROLFE

## REPORT OF THE MUSIC SUPERVISOR

Superintendent John J. Rolfe

Berkley, Mass.

Dear Mr. Rolfe:

I herewith submit my report on the work done in music in the schools of Berkley for the year 1947.

During the winter months the course of music study was followed and necessary drill given on each new problem. It was decided to present a cantata, AMERICA THE BEAUTIFUL, for the graduation exercises. Such a theme requires a large group because of the choruses for boys and the choruses for girls and particularly for inspirational and dramatic effects. The work was begun at once because of memorization. The subject necessitated a knowledge of the historical background that built up this America so beautiful. These things were discussed and research made so the atmosphere would be absorbed by the singers and they in turn would carry the message of heroic suffering of our forefathers, and the trying problems of the builders of our nation, to the listeners in the

audience. To do this was hard work for all. The fifth and sixth grades joined the seventh and eighth and while the regular school book lesson was abandoned for the time being, it may be those who participated got something out of the words and music that will be with them consciously or unconsciously through the years.

In September we learned the school was to give an entertainment. To do this and to do it well meant much thought, much drill and much patient forbearance. The teachers in the system are not content, far less satisfied, to present to the public something monotonous, with no variety, no attempt at contrast, no precision, and it is astonishing how difficult it is for some children to learn the simplest rhythmic step. A program of the SONGS OF YESTERDAY was decided upon with a few folk dances to relieve the monotony of repetition. A large and appreciative audience was present on the night in November. Much credit is due the teachers for the ease with which the respective groups went on and off the platform.

During the year lessons in music appreciation were conducted. Music stories were told and heard and selections played for the mere art of learning to listen and to appreciate. Work in the rhythm band was carried on and in the younger grades action songs and folk dances were taught. While the weather was warm the school assembled in the music room on Thursday afternoon for the singing of community songs and on occasion the different grades rose in their places and sang to the others.

The supervisor finds no discipline problems in the school, no lack of courtesy or cooperation.

If the auditorium were only warm enough so it could be used oftener more rhythmic work could be done in folk dances, physical exercises set to music; piano class instruction could be carried on without interference to other working groups. These things no doubt will come in time.

I wish to thank you and the members of the school board for the necessary equipment furnished me and I would also thank the teachers for their friendly attitude towards me always.

Yours truly,

LOIS J. SNOW

Music Supervisor

## REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools

Dear Sir:

I hereby submit my annual report as school nurse for the Town of Berkley.

I am glad to report a dental clinic has been started for the pupils of the Berkley Grammar School. The Berkley Women's Club and the Berkley Men's Club have generously given money to start and maintain this clinic for a trial period. H. F. Leroy Latimer DDS is the dentist. Dr. Latimer is conscientious and thorough. The pupils are taken to Dr. Latimer's office where they get first class work done in a modern dental office. Work is done on an hourly basis.

Each pupil pays \$1.00 per operation. This money goes back into the dental fund. During November and December sixteen pupils were taken to the dentist's office. Fifty-four fillings, 19 extractions, 7 X-rays, and 8 cleanings were completed. This is a much needed service and I hope it will be possible to make the dental clinic a permanent part of the Health Program.

A physical examination was given to every pupil by Charles M. Souza, M. D., school physician. No serious defects were found. Poor teeth and defected tonsils were the outstanding defects found among the pupils. These examinations are required by Law and are to inform the parents of any physical defects. The correction of these defects is the parents responsibility.

The toxoid clinic was held in the early spring with twenty-four children completing the treatment. A large number of pupils were given a booster dose of toxoid. This booster dose is given to keep up immunity against diphtheria.

The Pre-school clinic was well attended in May.

There was an epidemic of mumps in the early spring. Sixty-five pupils contracted this highly contagious disease. It is so very important that parents watch for early symptoms and keep their children home from school until they are sure the child does not have a communicable disease. This is the only way to prevent the spread of infection from communicable disease.

I enjoy working with the pupils, parents and teachers and appreciate the cooperation I have received.

Respectfully submitted,

ELLA F. DILLINGHAM, R. N.
